The Word That Works

(Alena Meo and Laisa Meo)

VERSE 1

He healed the lame
And freed the shame
To those who all believe
He gave me strength
And made me see
The things my eyes can't see
He said be Spirit filled you'll find
The greatest peace within
Now I'm here to testify
The word that works in me

CHORUS

The word that works
Within our hearts
The word that works
If you believe
The word that works
Will never fail
The word that works in me

VERSE 2

You've cried yourself late at night
And nobody knows
The way you feel deep in your heart
They don't understand
Despite of everything you've tried
The pain that never ends
Now I'm here to testify
The word that works in me

The Lord will provide

(Alena Meo)

VERSE 1

In the silence of the world
Where silent tears could be heard
Where the sun doesn't shine anymore
Where all the hearts seem to cry
And the tears seems to flood in
With the storms in everyone's lives

CHORUS

There's no need to worry
Heel make a way for you
He has done it for me
And I know He'll do it for you
Just be born again
And Jesus said to feel His love
With water and the Spirit
My God
The Lord will provide

VERSE 2

When you're lost and so confused
And you're tired of being used
The chains of yesterday slows you down
When your soul cries for freedom
You're tired of being imprisoned
Then you know somethings got to change

ENGLISH CHORUS REPEATS

FIJIAN CHORUS

Kua ni lomalega taka
Mo rai go ki vua
A mai sereki yau
Mai na noqu loma ocaoca
Ma sucu tale
Mo na qai sotova nona loloma
Sucu tale ena wai kei na yalotuba
Jiova Jaire
Na vakarautaka

ENDING

Just be born again as Jesus said
To feel his love
With water and the Spirit
My God
The Lord will provide

God is my refuge

(Laisa Meo)

If you don't understand
Where the road is leading you
And you got so much in your mind
You don't know who to turn to

But then the dawn keeps breaking in
The heartache you're feeling slowly fades
away
And you feel deep in your heart
There's something good coming through

CHORUS

Cause God is my refuge
He is my strength
And I will not fear
When the mountain will move
Though the waters will roar
And the wind troubles the sea
God is the refuge for me

God's love will never fail (Laisa Meo)

VERSE 1

God can hold out his arms
And say he loves you
He could show you His mercy
And grace from above
How much and how far
Should He go to prove
He's death on the cross for you

CHORUS

God's love will never fail
Who else in the world
Can love you the way He can
His love everlasting
He promised me that
God's love will never fail
No it will never fail

VERSE 2

Why you worry so much
When God is there for you
His spirit within you
Will help you go through
How much and how far
Should he go to prove
He will never ever leave you

Your Love still remains (Laisa Meo)

VERSE 1

Sometimes I lose my way
And it feels like I can't go on
Sometimes I'm just not sure
It seems like everything I do goes wrong
But then you called out my name
Like a beacon of light in the dark
You heard my cry when I needed you
When there was nothing left for me to do

CHORUS

I feel like I'm gonna lose
But you said I wont
It feels like im falling down
But you're lifting me up
When everything change
Your love still remains
Your joy and strength I need
When everything fades away

VERSE 2

Lord you changed my life
From that someone I used to be
Letting go of who I was
And how things used to be
And you gave me something new
A life I thought I'd never have
You gave me strength when I needed you
That's when I knew I had the chance
To break through

Keep me closer

(jojiana Qalobogidua)

VERSE 1

Tears that dry on my face
A heart always in pain
Sinking in the deep
So lost in despair
A voice that echoes nowhere
Walking blindly in the dark

BRIDGE

Nowhere to turn to nor hide
I see you calling out
Pulling me into the light

CHORUS

I fall at your feet again, my Lord
So unworthy am I (x2)
I was searching for everything
When all I needed was you
Now back in your arms I'll run to you
Keep me closer
Keep me closer to you

VERSE 2

Mistakes that I've made
That put my heart and soul to shame
I was running scared of it all
So lost and confused
I had everything to lose
To lose

BRIDGE

Nowhere to turn to nor hide
I see you calling out
Pulling me into the light

Hopes are gone

(Laisa Meo)

VERSE 1

If hopes are gone
And you're confused
You think to yourself what should I do
Listen now to what I say
There is hope
There's a way
Cause someone is watching you
And He knows what you're going through
So don't give up just keep on praying
Cause God is by your side

CHORUS

He will make a way for you
He will never let you down
Whatever you go through
He's there for you
Cause He's my refuge

Lord take over me

(Jojiana Qalobogidua)

What do I do when words
Cant come out of my mouth
Where do I begin when all seems to end now
How did I lose my way
And how far I fell
But you, you pulled me through

CHORUS

I just wanna lift up my hands to you
Abba father
Take me away from this place of pain
I got nothing else to offer you
Please hear me
Through your word im healed
By your power im free
Lord take over me

Lord you prevail

(Jojiana Qalobogidua)

VERSE 1

Every now and then I try to figure it out (ooo
oooh)
The chaos and the problem surround me
everyday
The human part of me just wanna do it my
own way
But then it comes to nothing
Giving only heartache and pain

CHORUS

Then I knew all along
What I really had to do
Before I let my mind and pride
Decide the way
Lord make me humble
See through your eyes
Have patience to wait
For your strength and time
Give me the courage
To stand my ground
When everything fades
Lord you prevail

FAMILY TESTIMONIES

Alena Meo

Praise the Lord. I was brought up in The Revival Fellowship church in Fiji and at the age of 12. I was spiritfilled and spoke in tongues which strengthened my belief in the Lord and in His word and was baptised to fulfil His word for repentance.

The Lord has done a lot of miracles in my life through the power of His Holy Spirit. Through speaking in tongues He has guided me in everything. Through the struggles my family and I went through we have always found peace as the Lord would always provide for us.

In the early year of 2016 I became sick within a week and suffered from vomiting, stomach ache which went to a stage that I couldn't even stand and if I did I would vomit. I wasn't eating and I lost a lot weight, and even through that I was not able to go to the hospital. I continued praying in tongues with my parents and kept faith in God that He would never abandoned me and, praise the Lord, I was healed.

That was not the first, the Lord has been working greatly in my life and in my family's life and He has done a lot more for us. I praise Him for that. I would never worry in knowing that through His Holy Spirit, God will lead me just where I needed to be. Amen.

I was so lucky to be brought up from this wonderful church and when I was 13yrs old. I came to Lord by humbling myself and laying my focus on willing to enter the Kingdom of God because I am afraid of being dead one day and not entering His eternal rest which I heard while attending and listening to the Word of God.

I was baptised by full immersion and received the Holy Spirit and spoke in tongues as the Bible said.

My life was a bit complicated after secondary school level because I wish to be the same as my friends at my new workplace but My Lord delivered me out of this confused world returning to the Lord with my husband which was a blessing and then we started to see and understand God's miracles working in our blessed family.

At first, my eldest daughter was healed from hole in the heart, followed by the reviving of my second eldest daughter after drowning; one of my sons survives when he was healed from sudden fits and pneumonia. The climax of my testimony is when my eldest son was kidnapped during the church open-air Outreach. It was one of the terrifying experience we have ever encountered. I could hardly sleep and the world was like coming to the end thinking and wondering of the typical things that could have happened to my son that night because he was only 5 years only and prematurely born. But when i started praying in tongues - the only thing that kept me going - and hoping for the best, it's the Spirit of God working within me while I continue praying in tongues in times of trouble and sorrow.

He was later found after 2 nights and we praise the Lord for His provision and protection over him, even after a health check-up, everything was clear and ok, with a great feast of celebration, we are able to testify and witness to my family, friends and neighbours of the great things that can happen to anyone who seek the Lord and continuing praising the Lord since then.

Being a mother of seven children - 3 girls and 4 boys - is a great number with a lot of responsibilities and I praise the Lord that i am still standing and enjoying every minute of it, nurturing and bringing them up from this wonderful family of God. It's difficult and challenging at times but praise the Lord for His provision and love is greater than anything I can imagine. Amen.

My wife was brought up in this fellowship and I came to the Lord in 1989 through repentance, baptism by full immersion and receiving the Holy Spirit and speaking in tongues. Prior to that I had limited movement caused by an injury to my bones above my hip when I was playing rugby. But when I received the Holy Spirit, speaking in tongues, and was baptised, I was a totally new man and I could run and play rugby again.

In 1999 our eldest daughter was 2 years old and suffered from a hole in the heart. As I was not fellowshipping I worried a lot about my sick daughter and having no money. Then my second daughter as a baby was saved from a drowning accident. These were turning points that actually happened for a reason for me to humble myself and strengthen my relationship with Christ and to return to the Lord. When we took that step our daughter was instantly healed. Everything was just changed by GOD. The Lord has blessed us with seven children and with healings, provision and protection.

My eldest son was kidnapped from our family home in 2007, on a Saturday outreach afternoon. An unknown person, who pretended to be in a family

car, offered him an ice cream from McDonalds. The pastor told me that the LORD knows. It was easy to say that but as a family, losing one child was like losing the whole six children. My wife was crying all night except when she fell asleep. We went through a terrible 2 days experience. We continued praying in tongues and felt the comfort of GOD helping us not to lose HOPE. We praise the Lord that our son was found on the Monday morning with no injuries.

My youngest child suffered from viral infections for a few days and he went into a seizure, biting his tongue, rolling his eyes and shaking. When we laid hands on him and prayed in tongues his whole body returned to normal. Praise the Lord, hallelujah.
